Teen fiction in the 1980s and 1990s was a vibrant and influential genre, reflecting the social and cultural changes of the time. This article explores the history of teen fiction during this period, from its early roots to its modern-day legacy.

### The Early Years: 1980-1985

The early 1980s saw a resurgence of interest in teen fiction, thanks in part to the success of S.E. Hinton's 1967 novel *The Outsiders*. Hinton's novel, which told the story of a group of working-class teenagers who fought against a rival gang, resonated with a generation of young people who were looking for something more than the saccharine sweet stories that had been popular in the 1970s.

Other popular teen fiction novels of the early 1980s included Judy Blume's *Are You There God? It's Me, Margaret* (1970), Paul Zindel's *The Pigman* (1968), and Robert Cormier's *The Chocolate War* (1974). These novels dealt with serious issues such as teen pregnancy, drug abuse, and violence, and they helped to change the perception of teen fiction as being frivolous or unimportant.

### **The Golden Age: 1985-1995**

The mid-1980s to early 1990s is considered the "golden age" of teen fiction. During this time, a number of new and innovative authors emerged, and teen fiction became more diverse and inclusive. Some of the most popular teen fiction authors of this period include:

These authors wrote about a wide range of topics, including friendship, love, loss, and identity. Their books were often praised for their realism and their ability to connect with young readers on a deep level.
